# VISION

*To be the international school of choice*

# MISSION

- 01 Provide quality holistic international education for the development of creative, collaborative, intellectually critical, and socially responsible global citizens.
- 02 Develop, support, and foster student achievement, well-being, and lifelong learning.
- 03 Committed to excellence, integrity, humility, service to school and community, and support the country's aspiration in being an international education centre.

# Welcome to Sunway International Schools (SIS)

## **SUNWAY CITY ISKANDAR PUTERI**

Selecting the right school for your child is an important decision. At SIS, we recognise the importance of 21st century teaching and learning. Many families are drawn to SIS because of our student-centric approaches and the flexibility of our academic programmes.

We are proud to offer the globally recognised Canadian school curriculum, the popular Cambridge programme, and the highly esteemed International Baccalaureate (IB) programme. These programmes are well established and ranked among the world's best due to their innovative, globally oriented, and multi-disciplinary focus.

Our schools are owned and governed by the Jeffrey Cheah Foundation and we are committed to the mission of nurturing students' minds and building their character. Supported by dedicated and qualified teams of educators from Canada, UK and other countries, along with committed administrators and purpose-built facilities, SIS is well positioned to prepare your child to be an internationally minded, global citizen who is cross-culturally aware and hone his/her lifelong learning skills for success in a rapidly changing world.

Our strong track record includes SIS students gaining admissions into many of the world's best universities including the University of Cambridge and King's College London in the UK, University of British Columbia and University of Toronto in Canada, the University of Melbourne and Monash University in Australia, and others. SIS students also excel in sports and performing arts with many competing on the international stage.

We welcome students from diverse background and developing them to be independent learners and responsible global citizens. We look forward to welcoming you and your family to our Sunway International Schools community!

# Principal's Message

Welcome to Sunway International School, Sunway City Iskandar Puteri, a vibrant school nestled in the heart of Sunway City. Since our beginnings in 2017, we have been dedicated to providing a strong holistic education that prepares our students for the challenges of the 21st century. SIS Iskandar is an IB World School which combines the world-renowned Canadian Ontario curriculum together with the IB framework to create a robust education for all students. Currently we offer the IB MYP for students in grades 6 to 10. Students may then choose to take the IB DP or IB CP pathways for grades 11 and 12. For our Kindergarten to Grade 5 students, we are an IB PYP Candidate School and aim to become a PYP authorised school by early 2026, thus becoming the second IB Continuum school in Malaysia.

Our curriculum emphasises academic rigour across a diverse range of subjects, including Math, Science, Languages, Arts, Physical Education, Design, and Humanities. We focus on explicit skill development, ensuring our students are well-rounded, balanced, and principled lifelong learners who are internationally minded global citizens. Our international faculty brings a wealth of experience, fostering an inclusive environment where every student can thrive.

We believe in integrating real-world contexts through project-based learning to instill critical and creative problem-solving skills, strong values and a commitment to service. Beyond academics, we offer a wide range of extracurricular activities and sports teams to nurture individual interests and talents. Our core values of integrity, humility, and honesty guide us as we strive to Nurture Minds and Build Character. We look forward to welcoming you to our community.

# Teaching & Learning

Every student has unique strengths, interests and talents. Teachers and programmes support students in developing their full potential and bring out their best in order to achieve their respective goals. With 'Personalised Learning', we create opportunities for all students to engage actively in their studies - setting goals, making decisions, sharing their voice, and taking ownership - all along the way to becoming lifelong learners with an internationally minded global perspective.

We believe that students learn best in a safe and nurturing environment. To this end, we strive to create a dynamic and respectful educational environment where students can engage with peers and teachers through open discussions and the exchange of ideas, fostering a love for learning and encouraging them to take on meaningful challenges.

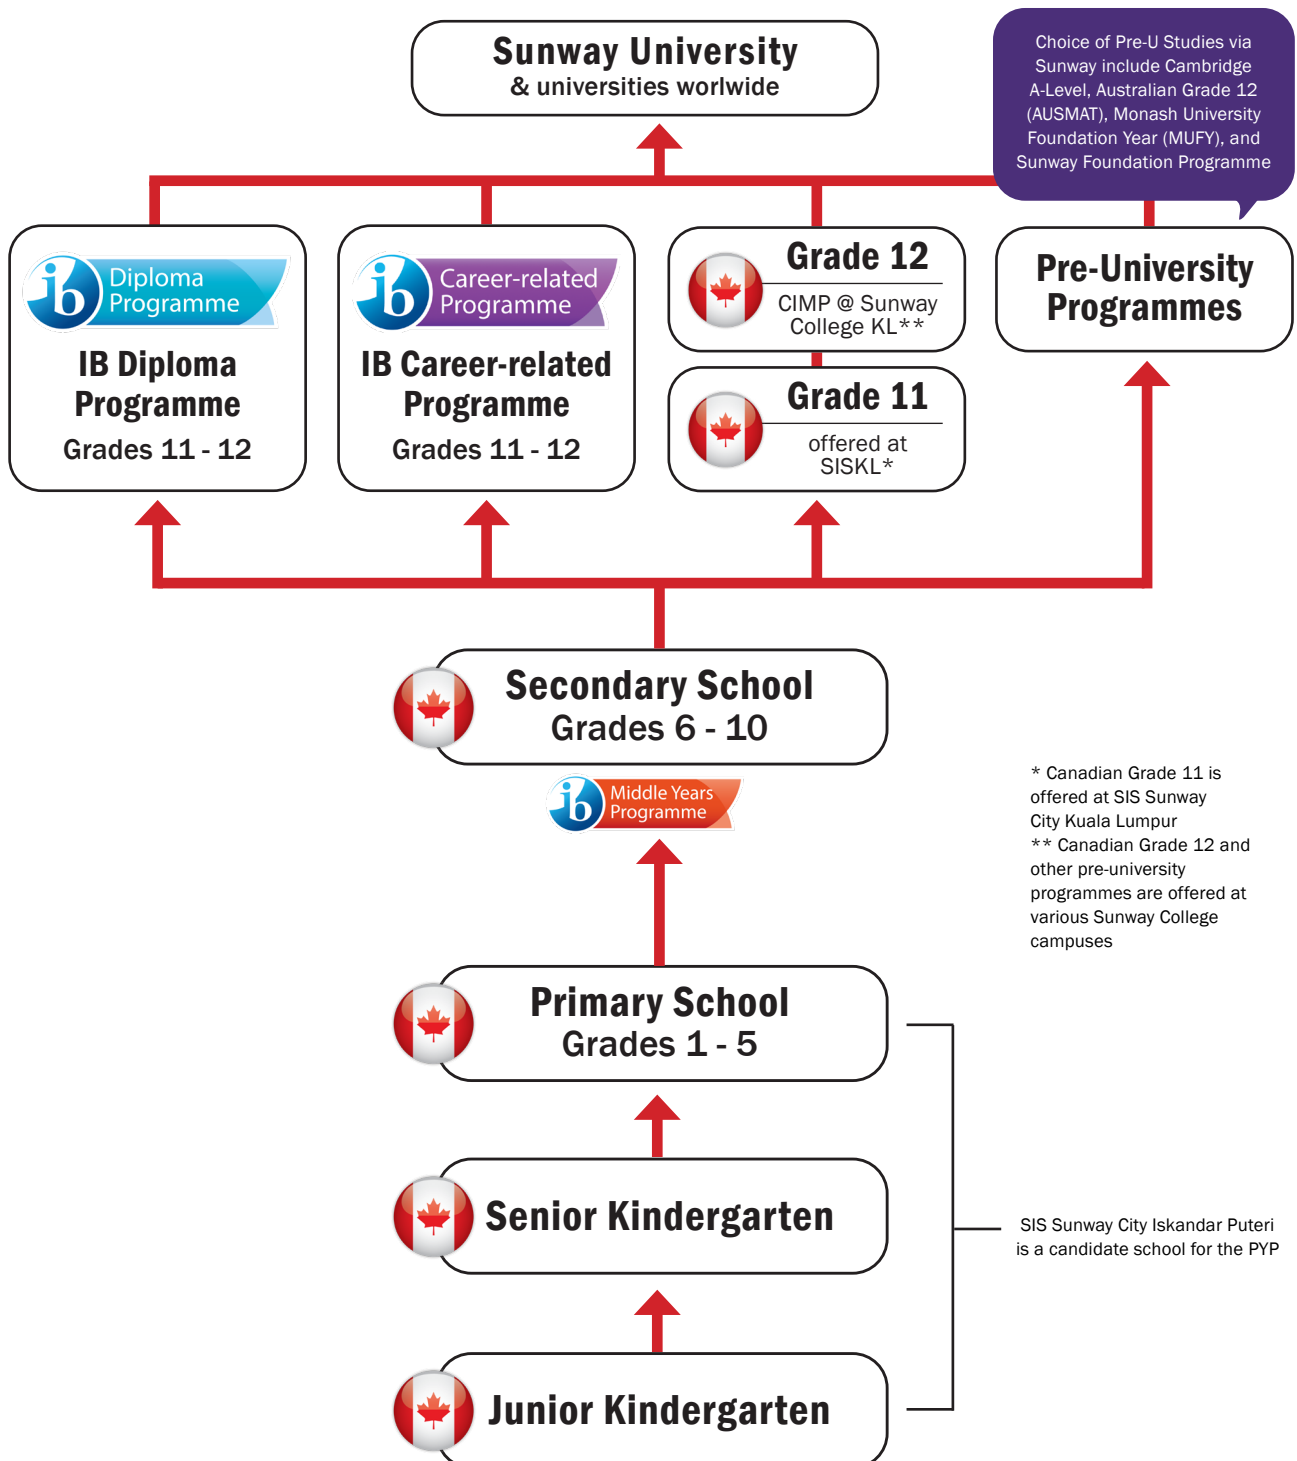

We understand our students' futures will require them to think critically, solve problems responsibly, and live purposefully. SIS's creed of nurturing minds and building character exemplifies our commitment to educating students today to take on the challenges of tomorrow.

## JUNIOR & SENIOR KINDERGARTEN

SIS Iskandar is an IB Early Years Programme (PYP) candidate school, offering the Canadian Full-Day Kindergarten Curriculum, supporting whole-child development through a balanced, internationally-minded, inquiry-based approach for Junior and Senior Kindergarten.

At SIS Iskandar, children learn through hands-on, play-based experiences. Exploration, play, and inquiry are incorporated into daily learning, nurturing curiosity, creativity, and foundational skills essential for confident, lifelong learners in a joyful environment.

## PLAY-BASED LEARNING

Children are naturally curious, driven by their unique personalities and interests. In a guided and controlled safe space, they explore the world around them by experimenting with different materials such as blocks, paints and manipulatives. They also learn daily living skills, actively engaging and exploring in a meaningful context as they learn through play.

# Primary

## GRADES 1 - 5

The learning environment of Canadian Primary Schools are intentionally designed to foster the holistic development of each child, encompassing social, emotional, and academic growth.

## IB PRIMARY YEARS PROGRAMME (PYP) FRAMEWORK

The IB Primary Years Programme (PYP) is a transdisciplinary framework that emphasises authentic learning experiences. It encourages students to connect knowledge, skills, and personal attributes, fostering a holistic approach to education. The framework prioritises student agency, where learners take responsibility for their own learning, engage in inquiry, and reflect on their progress. Through this process, PYP students develop knowledge, conceptual understanding, skills, and the attributes of the IB Learner Profile, empowering them to make a positive impact in their lives and communities.

1

Literacy, numeracy, global competencies and 21st century skills

2

A student-centred approach that builds lifelong learners

3

Effective teaching practices that motivate student learning

4

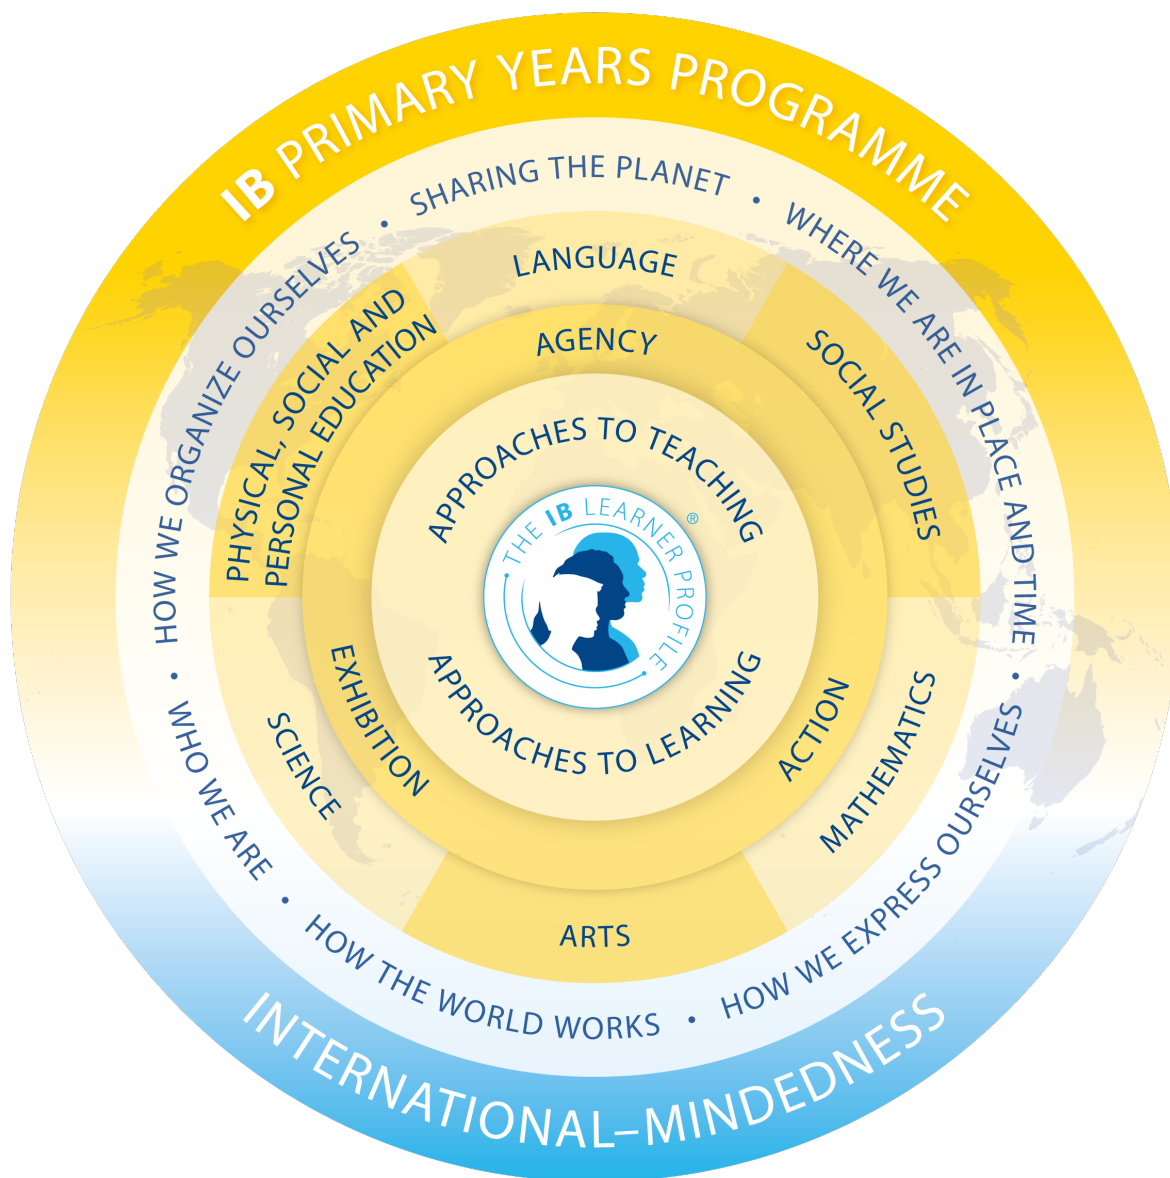

Continuous formative assessment and feedback to improve student learning

5

Carefully selected resources that reflect student dynamics and diversity

- **Homeroom teachers teach** Literacy, Mathematics, Science, Social Studies, Technology, and Arts through an inquiry framework that explicitly includes the IB Learner Profiles and Approaches To Learning.
- **Specialist teachers teach** Mandarin, Malay, Music, Drama, PSPE (Personal, social and physical education), Swimming, and Health.
- **Student Support** English Language Acquisitions and Inclusion.

Sunway International School, Sunway City Iskandar Puteri is a candidate school\* for the PYP. This school is pursuing authorization as an IB World School. IB World Schools share a common philosophy - a commitment to high-quality, challenging, international education - that we believe is important for our students.

\*Only schools authorised by the IB Organisation can offer any of its four academic programmes: the Primary Years Programme (PYP), the Middle Years Programme (MYP), the Diploma Programme (DP), or the Career-related Programme (CP). Candidate status gives no guarantee that authorisation will be granted. For further information about the IB and its programme visit <http://www.ibo.org>.

## INTERNATIONAL BACCALAUREATE MIDDLE YEARS PROGRAMME (IBMYP)

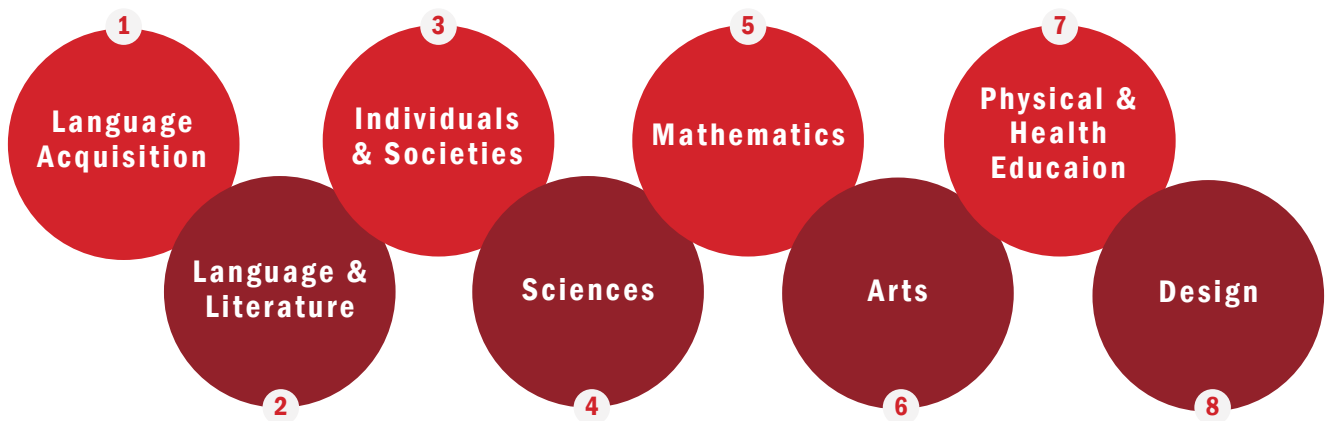

# Secondary

GRADES 6 - 10

## IB MIDDLE YEARS PROGRAMME (MYP) FRAMEWORK

The IB Middle Years Programme (MYP) is designed for students aged 11 to 16. It provides a comprehensive and holistic framework that encourages students to make connections between subjects and the real world. The MYP focuses on skills development, interdisciplinary learning, and personal development, aiming to prepare students for the challenges of higher education and the world beyond school.

### SUBJECT GROUPS

In Grade 10, students have the option to take the IB MYP e-Assessment, an external assessment that features on screen examinations and e-Portfolios that evaluate critical thinking, inquiry, and communication skills beyond rote memorization. By engaging students with multimedia tools and interactive tasks, the IB MYP e-Assessment provides a holistic and dynamic evaluation of their learning journey while offering them the opportunity to earn an intentionally recognized certificate.

### TO EARN THE MYP CERTIFICATE (GRADE 10)

- Assessments total min 28 points out of 56
- Minimum 3 points out of 7 on each e-Assessment
- Pass Service as Action

#### On Screen Examinations (1.5 - 2 hours)

## IB DIPLOMA PROGRAMME (DP) FRAMEWORK

The IB Diploma Programme (DP) is designed for students aged 16 - 19. It is a general pathway that offers a challenging two-year curriculum that covers a broad range of subjects, fostering critical thinking, research skills, and a holistic education. Students in the IBDP must also complete the core components, consisting of Theory of Knowledge (TOK), the Extended Essay (EE) and Creativity, Activity, Service (CAS).

### PROGRAMME REQUIREMENTS

Students are required to study a total of 6 courses, 3 of which must be taken at standard level (SL) and 3 at higher level (HL). Courses are chosen from the subject groups below, one per group. A subject from groups 3 or 4 may be chosen in place of Arts in Group 6.

*\*specific course information is available from the Diploma Programme coordinator*

### CORE COMPONENTS

#### THEORY OF KNOWLEDGE (TOK)

An interdisciplinary subject at the core of the IB Diploma Programme; designed to stimulate a critical awareness of the bases of knowledge, experience and judgement in human thought and creativity.

#### EXTENDED ESSAY (EE)

Students must research, write and submit a 4,000-word essay on a topic of interest from one of the courses studied. This is usually taken from one of their Higher Level courses.

#### CREATIVITY, ACTIVITY & SERVICE (CAS)

Students must complete a minimum of 18 months of extracurricular involvement balanced between creativity, physical activities and community service activities.

## BEYOND THE CLASSROOM

At SIS, learning extends far beyond the classroom. We offer a diverse range of academic, personal, and extracurricular opportunities designed to nurture curiosity, build resilience, and develop the essential soft skills students need for the future.

### PERSONAL & LEADERSHIP DEVELOPMENT

At SIS Iskandar, we focus on fostering student leadership by teaching Approaches to Learning (ATL) skills like self-management, research, communication, social, and critical thinking. Students apply these skills to engage with challenging concepts and content.

Inside the classroom, MYP students participate in specialised courses like Leadership, Explorations, and Model UN, where they lead student-driven projects. We also offer a variety of student-led clubs, including Student Council, SIS Ambassadors, SIS Matters, and Service Pals, providing leadership and collaboration opportunities.

As students progress through their learning journey, they also complete culminating projects such as the MYP Personal Project and the DP Extended Essay that showcase their growth and skills. These projects allow students to engage in in-depth inquiry, develop independence, and demonstrate their ability to apply knowledge in meaningful ways.

### SERVICE AT SIS ISKANDAR

Service is a key part of the teaching and learning experience at SIS Iskandar. Embedded in our curriculum, service learning fosters empathy, leadership, and problem solving. We offer programmes like MYP Service as Action for Grades 6-10 and CAS or SL for Grades 11-12.

#### What is Service as Action at Sunway?

We engage in **Service as Action** when we:

1. Identify and Understand the Need
2. Take Principled Action
3. Demonstrate Care and Reflection

#### 01. Identify and Understand the Need

- What does our community need?
- How do you know? How will you research it?
- How does this need align with a UNSDG or SIS Iskandar value?
- What solution(s) could help you address this problem?

#### 02. Take Principled Action

- Develop and engage in a plan for action. What type(s) of service are involved? What Learning Outcomes will be addressed?
- Consider: Is this plan safe, fair, respectful and responsible?
- How do you know this is the right thing to do?

#### 03. Demonstrate Care and Reflection

- Reflect on your learning by considering questions such as:
- Why is the topic important to you?
  - How can we ensure sustainable solutions to support the community versus one-off events?
  - What are your next steps?
  - How did you demonstrate progress towards your selected learning outcome(s)?

### ATHLETICS

At SIS Iskandar, sports and athletics are key to cultivating teamwork, resilience, and physical fitness. Our vibrant sports programmes inspire confidence, instill discipline, and support holistic student growth, embodying our commitment to excellence in education and well-being.

- MSSD JB Gymnastic
- MSSD JB Cross Country
- MSSD Archery
- MSSD JB Athletics

## EXTRACURRICULAR ACTIVITIES

Co-curricular and extracurricular activities at SIS Iskandar are a vital part of school life and student learning. Available to students from Primary to Pre-University, clubs and societies are wide in scope allowing students to discover and develop individual talents and passions based on their interests.

### OVER 50+ EXTRACURRICULAR ACTIVITIES

#### Sports

- Football
- Touch Rugby
- Horseback Riding

#### Craft & Creativity

## STUDENT COUNCIL

At SIS Iskandar, the Student Council serve as leaders and the vibrant voice of the student body. Dedicated to representing student interests and enhancing the school community, our Student Council organises school-wide events, coordinates enriching trips, and leads charitable fundraising efforts. With a focus on empowering students to contribute and shape their learning environment, the Student Council plays a pivotal role in encouraging a dynamic and inclusive school culture at SIS Iskandar.

**NICO JEAN M. PEETERS & ANNE NG**

**Belgium**

We moved to Johor Bahru in 2018 and found SIS Iskandar in 2022, where the IB curriculum has been perfect for our children. The school's focus on open communication, student involvement, and holistic development has helped them thrive academically, socially, and emotionally. SIS aligns with our values, making it the ideal choice for our family.

**SUN YUAN YUAN & RONG LEI**

**China**

We chose SIS Iskandar for its academic excellence, diverse opportunities, and holistic approach. The IB programme has greatly fostered our child's critical thinking, creativity, and independence. Sunway's strong values, supportive environment, and personalized attention have helped our child grow both academically and personally, preparing them for the future.

**HERMAN TANG & FIONA SIM**

**Malaysia**

We chose SIS Iskandar for its IB curriculum, supportive environment, and dedicated teachers. Our daughters have become more confident, independent, and motivated, excelling academically while developing critical thinking, leadership, inquiry skills, and time management. The smooth transition and strong school-community support made the experience even better.
